

Leavenworth Inmates Strike

Oppose Prison Food, Work; Some Jeer But No Violence

FT. LEAVENWORTH, Kas., (AP)—A majority of Federal Penitentiary inmates refused to work or eat today in a jeering but nonviolent protest against food served in the prison dining hall.

Warden C. H. Looney said "a majority have refused to eat and a majority have refused to work."

Looney said there was some jeering and catcalling, but no violence. He had not learned the prisoners' specific complaint at noon today, although the first strike action occurred last night.

New Fighting Breaks Out In Lebanon

One Man Reported Killed In Front Of British Embassy

BEIRUT, Lebanon (AP)—Fighting broke out in front of the British Embassy today, shattering a truce that had prevailed since U.N. Secretary General Dag Hammarskjöld arrived in Beirut.

One man was shot while standing on the ground floor of a building under construction opposite the embassy. He reportedly died later. Another man who seemed to be going to the rescue was wounded.

Armed men wearing the red arm bands of the pro-Christian Falange party immediately rushed up and cordoned off the area until the wounded man was taken away in an ambulance.

The outburst ended quickly. But in the Tarik Jadida area of Beirut a street battle broke out and armored cars moved in to restore order. There were no immediate casualty reports. There also was some shooting in the Mozeitbeh Christian section and the Zarif Moslem area.

Hammarskjöld, meanwhile, was reported at odds with the Lebanese government over the role the U.N. observer team should play in the Lebanese rebellion.

Sources close to the U.N. secretary general say Hammarskjöld thinks the United Nations job at this moment is principally one of observation.

The government, however, is insisting that the U.N. team police the border to prevent infiltration by hostile forces.

Beirut was relatively quiet but there was some fighting in the Mozeitbeh area, the Christian section adjacent to the Basta Moslem area where the opposition leadership is entrenched.

Desultory firing was also heard in the Zarif Moslem area in the center of town. But generally both sides seemed to be adhering to a tacit understanding that there be no major attacks during Hammarskjöld's efforts here.

Rebels remained alert at their roadblocks and strongpoints in Beirut and throughout the country.

The secretary general met with Sami Solh, Lebanese Premier, and one of the targets of the rebellion.

Army to Send Man Into Space for 6 Minutes

WASHINGTON (AP)—An Army plan to rocket a man into space, keep him there for six minutes and then return him safely to earth was disclosed today.

The proposal was outlined by Dr. Herbert York, chief scientist of the Advanced Research Projects Agency, in testimony April 23 before a House Appropriations subcommittee.

York made it clear that the problem of missile re-entry into the atmosphere had been licked. His testimony was made public today.

Details of the Army project are still bottled up inside ARPA. A spokesman, however, said the Army proposal was only one of several submitted by the Army, Navy and Air Force.

Employment Security Division Grows Fast

JEFFERSON CITY (AP)—The state Employment Security Division is growing, almost like the weeds in an untended garden.

The state built a 36,000 square foot building in 1953. In 1956 a wing of almost 7,000 square feet of floor space was added. Now a half million dollar second wing, to boost floor space by 23,000 feet, is planned.

In 1953 there were 279 employees in the agency that handles unemployment compensation and workmen's compensation claims. Today there are more than 400.

"I didn't know why I left," he told newsmen. "I was—still am—happy and confused." He learned that his wife died of cancer in 1955 and his son Timothy, now 12, has been adopted by his wife's cousin.

US Will Establish New Line Of Credit for the Philippines

WASHINGTON (AP)—The United States agreed today to establish a new 75-million-dollar line of credit for the Philippines and provide 50 million dollars in development loan funds. The development loans are subject to congressional action.

The agreement was announced in a joint Philippines-U.S. statement issued by the White House.

Airman Slain In KC Bus Terminal

KANSAS CITY (AP)—A 20-year-old airman was stabbed to death at a bus terminal today after a young woman's suitcase had been burned by a cigarette. A pocket knife wound in the heart killed Robert L. Hunter of Fredrick, Okla. Two hours after the stabbing police arrested Earl Bayless Ward, 41, of Tulsa, Okla., an ex-convict.

Jerald B. Denham, 22, told police he and Hunter were waiting at the terminal for a bus to Richards-Gebaur Air Force Base at Grandview where they are stationed.

The owner of the suitcase identified herself as Miss Sadie Bruce, 24, of Oklahoma City. She told police she was on her way to Ames, Iowa, where she is a student.

Denham said he and Hunter, both Negroes, were seated next to the assailant and that Hunter, noticing a burn on the suitcase, remarked to the stranger that a cigarette must have been flipped from the area where the stranger was sitting.

Denham said the assailant declared "he wouldn't be talked to that way."

Denham said the man then inflicted the wound and ran from the station.

Miss Bruce, a Negro, said she had walked away and did not see the stabbing.

Hunter was married and the father of one child. He and Denham were in the 20th Air Division. Police said Ward was released from the federal prison at Leavenworth, Kan., last year after serving 10 years for bank robbery and that he also had been in the Oklahoma state prison for armed robbery.

No Evidence Polio Vaccine Might Damage Brain, Nervous System

CHICAGO (AP)—Two researchers said they failed to find any evidence that Salk polio vaccine might damage the brain or central nervous system. They added they were astonished that in their study of 832 cases they were unable to find a single person having such a reaction.

"We had not expected to obtain such completely negative results with a biologically potent material," said Mrs. Erna L. Gibbs and Dr. Frederic A. Gibbs, both of Chicago.

Results of the study were reported Thursday in the Journal of the American Medical Assn. The study was undertaken because of reports circulating in the Chicago area that some children developed convulsions and other signs of central nervous system disorder after the mass Salk vaccine injections in 1955.

The study was carried out at Chicago, Rockford, Ill., and Richmond, Va.

US Tries to Hurry Geneva Arrangements

WASHINGTON (AP)—The United States sent a new note to Moscow today in an effort to speed final arrangements for opening talks July 1 at Geneva on ways of policing a nuclear test.

The note was reported to name the full panel of scientists who would represent the Western side in technical talks with a group of Communist scientific experts drawn from the Soviet Union, Poland and Czechoslovakia.

The Western side, it was reported, will be represented by scientists from the United States, Britain, France, and Canada.

British Plan Is Rejected

Turkish Government Agrees to Discuss Seven-Year Plan

NICOSIA, Cyprus (AP)—Turkish Cypriot leaders have rejected Britain's partnership plan for governing this embattled island. The Turkish government agreed to talk about it and the Greek Cypriots awaited word from Athens today.

A Greek government source said Premier Constantine Karamanlis' Cabinet definitely would reject the plan, which calls for the Greek and Turkish governments to join Britain in governing the island. The NATO allies were putting strong pressure on Greece at least to join in discussions and Britain planned to go ahead with the plan in any event.

Archbishop Makarios, exiled leader of the Greek Cypriot movement to unite the island with Greece, conferred in Athens with Cypriot mayors. He said he would send his views to the British today.

Thirty thousand British troops waited tensely to put down any new violence growing out of the three-nation tug of war which threatens the Mediterranean anchor of the North Atlantic Treaty Organization. Rioting between Greek and Turkish Cypriots has cost 17 lives this month.

The last week has been comparatively quiet, but today a 25-year-old Turkish Cypriot was critically wounded in the crowded market place at Limassol.

A crowd of Turk Cypriots gathered after the shooting, and four Greek Cypriots were stoned. The British clamped a rigid curfew on the city and rushed in large numbers of troops.

Although the Turks sent a note rejecting the plan as such, they agreed to negotiate on it and attend any conference with Britain and Greece. Earlier Turk Cypriot leader Rauf Denktaş said the plan did not set up safeguards to keep the island from uniting with Greece and "we are not interested." The Turkish minority wants Cyprus partitioned.

The new British plan calls for participation by the Greek and Turkish governments in the control of Cyprus for the next seven years and partitioning the island legislature, although not the island itself.

With Federal Officials

GOP Calls for Probe Of Goldfine Contacts

WASHINGTON (AP)—Sen. Arthur V. Watkins (R-Utah) appealed publicly today to Sherman Adams to resign his place as top assistant to President Eisenhower "and to urge the President to accept his resignation."

WASHINGTON (AP)—A Republican member of a House investigating subcommittee called today for an inquiry into all of Bernard Goldfine's contacts with federal officials during the last 10 years.

Rep. John B. Bennett (Mich.) said "I'm of the opinion that (Sherman) Adams is not the only official of the federal government who has enjoyed Goldfine's hospitality."

Adams, President Eisenhower's top aide, has testified he accepted gifts and favors from Goldfine, a wealthy Boston industrialist, on the basis of a long friendship. He said he also got in touch with two federal agencies on matters relating to Goldfine, but denied he sought special treatment for the Bostonian.

Bennett spoke in an interview as the Pentagon disclosed that more than a quarter of a million dollars worth of textile contracts have been awarded to Goldfine's companies since the Eisenhower administration took over in January 1953. The Pentagon supplied

Khrushchev Gives Incentive to Grow

Soviets Take Step to Beat US in Agriculture Production

MOSCOW (AP)—The Soviet Communist party today announced another step in Premier Khrushchev's plans to beat U.S. agricultural production by giving Russian farmers more incentive to grow more.

The party's Central Committee announced collective farms no longer will be required to deliver a large part of their output to the government at a fixed low price.

Instead, a new pricing system will be established for the entire output of collective farms. It aims to introduce an element of competition for low-cost, efficient production.

A report on the Central Committee meeting of about 250 members on Tuesday and Wednesday also said two men were promoted to alternate membership in the committee's ruling Presidium, the key unit of power in Russia. It has had 15 full members and 9 alternates.

The two are N.V. Podgorny, first secretary of the Ukrainian Communist party, and Premier D. S. Poliansky of the Russian Federation, largest republic in the Soviet Union.

There was no mention that the Central Committee meeting produced a shakeup in the Kremlin leadership, as Western observers had speculated might be taking place. Both the change in the agricultural system and the promotion of Podgorny and Poliansky indicated Khrushchev still was in control.

The committee decisions were based on a farm policy speech to it by Khrushchev. Publication of the speech—possibly tomorrow—may clarify some points left vague in the published plan.

The announcement said the new plan will go into effect this year but did not specify when. The committee made clear, however, that it is not relaxing controls over production. It said under the new pricing system "all quotas to the state must be maintained." Presumably the surplus still will be available for the open market.

It also decreed an end of the payment-in-kind system. Collectives had paid with their products for such services as machine plowing. Past payment-in-kind debts were written off and indebtedness in compulsory deliveries also was abolished.

Khrushchev's proclaimed goal in changing the agricultural system established under Stalin is to overtake the United States in farm production. The committee report boasted that "in recent years the Soviet Union has approached the United States in output in a number of products. In creation items (it) has even surpassed the level attained in the U.S.A."

Nashville thus becomes the third city in Tennessee to begin school desegregation since the U.S. Supreme Court held in 1954 that compulsory racial segregation violated the 14th Amendment to the Constitution.

The federally financed high school and one junior high school at the atomic city of Oak Ridge were integrated in 1955, and the high school at Clinton admitted Negroes the next year—also amid violence. Both schools are in Anderson County and both remain desegregated.

The sales tax is considered one of the most sensitive barometers of business conditions.

Will Discuss Strategy Of Wide Defense

Greeted by Leaders; Attends Briefing On Situation in Pacific

QUANTICO, Va., (AP)—President Eisenhower came to this Marine base today for a review of America's global defense strategy.

The President arrived in the rain after a 45-minute drive over the 35 miles from Washington. He had intended to make the trip by helicopter but heavy rain washed out that plan.

Old soldier Eisenhower is here for a Defense Department annual conference which brings together all the top brass—military and civilian—in the nation's defense establishment.

He was greeted on arrival by Secretary of Defense McElroy and Lt. Gen. Merrill B. Twining, commandant of the Marine Corps schools.

He went directly to a briefing on the Pacific situation by Adm. Felix B. Stump, commander in chief of all U.S. Pacific forces.

The President also arranged to be on hand for morning talks by Allen W. Dulles, chief of the Central Intelligence Agency, and Christian A. Herter, undersecretary of state.

The President was not scheduled for any formal talk at the defense sessions, but there was a possibility he would speak informally at one of the meetings.

About 175 civilian and uniformed leaders gathered here for the session.

The President's party included Robert Cutler, special assistant for national security affairs; Gordon Gray, director of defense mobilization; Gen. Andrew J. Goodpaster, White House staff director; Capt. E. P. Aurand, the president's naval aide; Maj. Gen. Howard M. Snyder, Eisenhower's personal physician; and White House press secretary James C. Hagerty.

There were no announced plans for Eisenhower to talk to the conference which meets annually to discuss internal Defense Department matters and worldwide military matters.

However, Eisenhower may choose to stress to the generals and admirals his strong belief in the importance of his plan for streamlining the administrative and command structure of the military establishment. All business sessions of the three-day conference are held behind closed doors.

Ok's Integration Plan for Schools In Nashville

NASHVILLE, Tenn. (AP)—U.S. Dist. Judge William E. Miller has approved a plan to desegregate Nashville's city school system on a grade-a-year basis. He said the gradual plan would be the best interest of all concerned.

The first grade was desegregated last fall amid sporadic violence, and 11 Negro pupils remained enrolled in five previously all white schools throughout the school years.

Nashville thus becomes the third city in Tennessee to begin school desegregation since the U.S. Supreme Court held in 1954 that compulsory racial segregation violated the 14th Amendment to the Constitution.

The federally financed high school and one junior high school at the atomic city of Oak Ridge were integrated in 1955, and the high school at Clinton admitted Negroes the next year—also amid violence. Both schools are in Anderson County and both remain desegregated.

Sales Tax Indicates There's No Recession

NEW YORK (AP)—Recession? City Controller Lawrence E. Gerola is beginning to wonder.

He totaled the collections from the city's three per cent sales tax for the past 11 months and found out that they were about \$2,300,000 above the same period the year before.

The sales tax is considered one of the most sensitive barometers of business conditions.

OBITUARIES

John G. Schlaffer

John G. Schlaffer, 58, 225 South Quincy, for a period of 35 years engaged in the retail shoe business in Sedalia, and since 1951 operator of John's Shoes store, 107 East Third, died at 5:30 a.m. Friday at Bothwell Hospital, where he had been a patient since Friday, June 13.

Mr. Schlaffer was born in Sedalia, son of Mr. and Mrs. John Schlaffer, and spent his entire life here. In his youth he attended Sacred Heart Catholic school and was a member of Sacred Heart Church, the Holy Name Society of that parish, Sedalia Council No. 831, Knights of Columbus, and was an honorary member of the Sedalia Rose Society.

He was highly interested in growing roses and when the Sedalia Garden Club sponsored a flower show several years ago he was induced by friends to enter a collection of his flowers. His entries were awarded sweepstakes. He also exhibited at the Missouri State Fair, taking choice premiums from time to time. He was the first Sedalia to become a member of the American Rose Society to which he belonged for many years.

A group of friends through his interest in roses were impelled to join in a meeting at Bothwell Lodge, north of Sedalia, and the group then formed the Sedalia Rose Society. He was its first president, serving for two years. Aside from roses he was also interested in photography and took numerous color pictures of personages and scenery. Among the notables he photographed were Harry S. Truman, former President of the United States, also of Mr. Truman's daughter, Margaret, also Mrs. Truman.

Mr. Schlaffer April 16 suffered a stroke and was hospitalized for a month, but recovered sufficiently to be able to walk with a cane and be up and about at the home, often walking through his yard.

In business circles he had a wide acquaintance both in Sedalia and elsewhere. His friends considered him a substantial and reliable person to whom they went for advice and help in problems that needed proper solution. Customers from near and far relied on his ability and judgment to meet their desires.

Mr. Schlaffer is survived by a sister, Miss Mary Schlaffer, of the home address, associated with him in the business he conducted; two brothers, William G. Schlaffer, 232 South Quincy, and Joseph J. Schlaffer, Kansas City; a nephew, E. J. Schlaffer; and grand-nephew, Mark John Schlaffer, both of Kansas City.

The body was taken to the McLaughlin Funeral Chapel.

Funeral services will be at 9 a.m. Monday at Sacred Heart Church. At 7:30 p. m. Saturday at the McLaughlin Chapel, the Knights of Columbus will recite the rosary. At 7:30 p. m. Sunday another rosary will be conducted by the Holy Name Society and friends.

Burial will be in Calvary Cemetery.

New Scout Troop 53 Will Have An Ice Cream Social Tonight

The first major project of newly reorganized Boy Scout Troop 53, according to scoutmaster George E. Bryant, will be an ice cream social to be at the Courthouse parking lot tonight at six o'clock. It will continue until about 9 p.m.

This is the third troop to be organized in the Jefferson School district, instead of the first as earlier reported to the Democrat-Capital. The second one, of which V. A. Siegel was scoutmaster, was disbanded in 1955. Since then there has been no troop in the district.

Now a group in that area has formed the new troop, which had its first meeting Monday, May 26. The Jefferson School PTA is sponsoring the new unit, for which a bright future is seen. Officer Riley of the Sedalia Police Department is acting as publicity director, and George E. Bryant is the scoutmaster. Lee Trout is his assistant.

The public is invited to attend the social this evening.

There was no reason for alarm about the blaze at Fourth and Massachusetts Thursday. Workmen were completing the razing of the building at the intersection of the city parking lot. Man Goes to Jail;
His Dog Stays Home

MINEOLA, N. Y. (AP)—Archie Berkey is in a legal dog house today charged with liberating his dog from a real dog house.

Berkey, 47, a steamfitter of Massapequa Park, N. Y., was arrested last night and accused of breaking into an animal shelter.

Berkey's dog, a handsome boxer named Bob, was picked up without a license tag by a dog catcher last Friday. Although Berkey argued that Bob had lost his tag, the dog was sent to the shelter.

Wednesday morning shelter officials found a window broken and notified police. Bob also was missing.

Police found Berkey and the dog happily at home last night. Berkey's only plea when brought to jail here was that Bob be allowed to stay at home.

Parliament Approves
Air Defense Pact

OTTAWA (AP)—Canada's Parliament has approved the air defense agreement with the United States setting up a unified command to protect North America from attack.

The agreement covers the operations of the North American Air Defense Command (NORAD), which has headquarters at Colorado Springs, Colo. It is headed by U. S. Gen. Earle Partridge. Canadian Air Marshal Roy Slemmon is his deputy.

The House of Commons vote yesterday was 200-8, with the Socialists opposing the agreement. They want NORAD placed under direct control of the North Atlantic Treaty Organization. Prime Minister Diefenbaker argued the agreement "strengthens NATO and that is all that matters."

More and more, the electronic brain is taking over. In all kinds of research establishments and business, it's doing the big calculating. It's heavily involved in our most advanced defense effort in the rocket and space satellite field. Soon, they say, small versions will be guiding our aircraft to their destinations at every stage.

Some people are getting worried that man's brainpower may before long join the ranks of the unemployed. The gloomiest foresee the day when his brain will shrink to the size of a dried pea.

But others say that the jobs the mechanical and electronic wizards do simply

free man for types of thinking no device but the human brain can do. And, after all, there ought to be some comfort in the fact that man's brain thought up the electronic brain.

Furthermore, man's creations, like Nature's, sometimes break down. That's why it was heartening to learn that International Business Machines, which makes these marvels, has put the matter in decent perspective.

Next to one of its computers in a new IBM factory, it has mounted an old-fashioned Chinese counter, an abacus, enclosed in glass, ready for emergency use.

Good brainwork, men.

Ike Sets Gift Precedent For Adams

By DREW PEARSON

WASHINGTON—A lot of people, including Republicans, have been heaping fire and brimstone on the gray head of Sherman Adams for taking an assortment of gifts from a friend for whom he did federal favors. However, without shedding too many tears for sanctimonious "Sherm," it's only fair to look at the general framework in which he operated. Particularly you have to look at the great number of gifts received by his boss, the President of the United States, and his friend, the Vice President.

It is not against the law for the President to receive gifts from Americans as long as he performs no special favors for them. But no President in recent history has received so many gifts as Eisenhower.

Past Presidents received turkeys on Thanksgiving Day, an occasional brace of wild duck, pheasants, or hams. And Calvin Coolidge received various gifts of cowboy boots, hats, and fishing boots. When he moved temporarily into my late mother-in-law's home on DuPont Circle, he had so many wool socks that my wife swiped a pair and gave them to me as a souvenir. They were too small and collected moths, and I was tempted to give them back.

But no President has received such a fabulous array of gifts as Eisenhower.

Ike's Gifts

His Gettysburg home is virtually furnished with gifts, including a mechanized kitchen presented by a top electrical manufacturer. One donor gave 400 nut trees, another 48 Norway spruce trees, another 50 shrubs, another a putting green plus maintenance at about \$1,000 a year. A total of 55 head of cattle, plus one pony and one stallion have been gifts; together with a

\$4,000 tractor with FM radio and cigarette lighter, various farm implements, a corn planter, a disc harrow, and a side-delivery rake.

So many gifts have been received that an extra electric range and grill plus a huge walk-in storage freezer have been stored in the garage because there is no place for them in the house.

There is no evidence that the President has performed any favors for the donors, though the most expensive gifts of all, the \$200,000 cabin and other improvements built at the Augusta golf course, come from a group of men who are high up in big business and most of whose firms are recipients of government contracts.

A huge chest of silver with service for 18 was given the President by Sir Peter Roberts, master cutler of England.

It is in the accepting of gifts from foreign governments that the President and Vice President may be in hot water. For not even a set of postage stamps can be given the President by a foreign government. President Roosevelt, a stamp collector, used to look longingly at the stamps sent him by foreign governments, but sent them over to the State Department vault to be kept until he left office.

Mrs. Roosevelt once received an aquamarine from President Vargas of Brazil, but gave it to the Roosevelt library at Hyde Park. When Mrs. Harry Hopkins received a necklace from Lord Beaverbrook, there was a deluge of criticism—despite the fact that Beaverbrook was a publisher, had no connection with the British government.

Nixon's Gifts

In contrast, Vice President Nixon's home is studded with gifts from foreign governments, in flagrant violation of the first article of the Constitution. The gifts include a teakwood chest inlaid with mother-of-pearl, presented by Mme. Chiang Kai-shek; a beautiful Oriental rug from Prime Minister Nehru of India; a set of lacquer coffee tables from the Lemaire ambassador; some bizarre masks from the queen of Thailand; a Buddha head from the king of Afghanistan, and many others.

When Nixon returned recently from South America, he brought with him three huge crates of presents, delivered in a special government truck to the Nixon home.

Ironically, though Nixon talked about his wife's "Republican cloth coat" in his famous T-broadcast defending his \$18,000 personal expense fund, Mrs. Nixon now has a fur piece made of Afghan lamb pelts, a gift from the government of Afghanistan.

The prohibition against the receipt of gifts from foreign governments was placed directly in the Constitution, which Nixon has sworn to uphold, because of the fear that American statesmen might be influenced by foreign favors. Today, American officials are in a position to do far more for foreign governments than when the Constitution was written, for we are giving away billions annually.

For instance, the pearl-inlaid chest presented to the Nixons by Mme. Chiang Kai-shek came indirectly from American taxpayers, since the Formosan government could not exist without American aid. Likewise Thailand, India, Afghanistan, Vietnam, all of whom gave the Nixons lavish gifts, are heavy recipients of American aid.

The Nixons have so many Oriental rugs in their new 22-room house overlooking Rock Creek Park that they even put them outside on the Veranda. Each rug is valued at over \$1,000.

So when you see old Sherm squirming over his gifts, you have to remember that he has precedent in very high places.

Fewer Jobs for Grads

Thousands of young people have heard or will be listening to commencement addresses. They will hear it stated by educators, statesmen and lesser lights that "the world offers youth more opportunities today than it ever did, that there is no easy way to success and that wonderful things are wrought by dreams and faith."

During the war years and since, due to the great advance in science and industrial mechanics, top level students and even average ones in the graduating classes of the best schools have not had to worry too much about jobs, because the job recruiters from industry sought them out at the schools. That is only partly true today.

Some who graduate this June may have to pace the pavements, wear out shoe leather, and write letters detailing background which does not have too much to offer except a college degree, perhaps experience of working while at college, or on summer vacation jobs. They may have to take jobs now at the low salary comparable to what their fathers received when they got out of college.

Yet some civil engineering students are offered that kind of job have to be superior. But more \$400 per month to start! The boys who get will have to pound the pavements.

The World Today

Adams' Probers Are Not the Sharpest

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The House subcommittee probing Sherman Adams' relations with Bernard Goldfine is neither the sharpest, toughest nor most thorough group that ever quizzed a witness on Capitol Hill.

The treatment given Adams when he went before the subcommittee compared with that handed other witnesses in other cases before other committees—was almost like a once-over lightly with a feather-duster.

On June 10 the subcommittee disclosed that Goldfine, an industrialist, had footed more than \$2,000 in bills run up at his expense at a Boston hotel by Adams, President Eisenhower's chief assistant.

This caused such a storm that on June 12 Adams wrote the subcommittee, acknowledging he had stayed at a Boston hotel and charged it to Goldfine. He added something which the subcommittee apparently didn't know: that he had done the same at a hotel in Plymouth, Mass.

On June 13 at a news conference James Hagerty, Eisenhower's press secretary, referred to Adams' letter and said he believed the President's No. 1 aide had "put on the record all the facts."

As it turned out, Adams hadn't put all the facts on the record.

On June 16, the subcommittee disclosed Adams had also stayed at the Waldorf-Astoria Hotel in New York at Goldfine's expense, although he didn't mention that in his letter.

Looking Backward...

—TWENTY-FIVE YEARS AGO

The Bothwell Hospital was being redecorated in its interior and workmen were tinting the walls on the lower floor in shades of tan and brown.

1933
Mrs. Richard Garrett, who with Mr. Garrett and their daughter, Miss Roseanna, Yonkers, N.Y., who had been visiting Sedalia relatives, left for a visit in St. Louis before returning home.

1933
Frank Monroe, presiding judge of the Pettis County Court, was in Jefferson City on a business mission.

1933
Clarence Williams won the first of a series of horseshoe pitching contests at Liberty Park courts by capturing 11 consecutive matches.

—FORTY YEARS AGO

The Rev. H. E. Batchelor, a former Sedalia and scoutmaster for the Boy Scouts previous to leaving for Chicago walked from Chicago to Kansas City and arriving there announced he contemplated continuing on to St. Joseph.

1918
The Rev. W. F. Helmkamp, Wichita, Kan., was extended a call to the pastorate of the Immanuel Evangelical Church. He was formerly of Rochester, N.Y.

1918
Mark Antes, who had been employed at the MKT freight house, was transferred to Parsons, Kan.

Adams confirmed that when he appeared before the subcommittee June 17. He also informed the congressional group in his testimony, but not in his letter, that:

He had received from Goldfine vicuna cloth—which he said cost Goldfine's mills \$60—for a coat and that Goldfine had given him—on loan—an expensive oriental rug.

The information about the vicuna and the rug didn't come from the committee—in fact, subcommittee counsel Robert W. Lishman said he didn't know about either—but from a reporter and a newspaper.

A reporter asked Hagerty June 12—the same day Adams wrote his letter—if it was true Eisenhower's aide had received a \$700 vicuna coat from Goldfine.

On June 13 the New York Post reported that Goldfine and Adams had picked out a \$2,400 oriental rug at Macy's in New York. Goldfine paid for it with a check drawn against one of his textile mills, the paper said.

Hagerty refused to confirm or deny these statements. But he did

say that day he believed Adams had put all the facts on the record in his letter and said Eisenhower didn't think Adams had done anything improper.

Eisenhower, at his June 18 news conference, while expressing belief in Adams' honesty, admitted he thought Adams had been imprudent.

But when Adams went before the committee no attempt was made to find out why the facts he gave in his testimony—about the Waldorf-Astoria, the vicuna cloth and the rug—hadn't been given in his letter.

Counsel Lishman did quiz Adams about the information the latter got for Goldfine from federal agencies. But the only one who tried to go deeper into Adams' relations with Goldfine was Rep. John E. Moss (D-Calif.).

But even Moss made moralistic speeches. So did the other committee members who said anything at all, including the chairman, Rep. Oren Harris (D-Ark.). With the possible exception of Moss, none of them made any attempt at vigorous questioning.

The Mature Parent

Blowing Top Feels Good-- But Know the Reason For It

By Mrs. Muriel Lawrence

Maida's mother had just finished her luncheon sandwich when a neighbor dropped in. Together with coffee they ate up some leftover chocolate layer cake.

Later, Maida brought home a high school friend. Upon learning where the cake had gone, she showed annoyance. As soon as the friend departed, she expressed it with force.

She said to her mother, "I thought you were on a diet! How do you expect to lose weight if you gobble cake all day? I was counting on serving that cake to Phyllis. But you can never count on anything in this house. Really mother..."

Her parent blew up. "Who do you think you are—the Queen of Sheba?" she shouted. "Let's get this straight! I'll eat cake whenever I feel like it! And my diet is my business, not yours. I never heard of such cheek in my life..."

As her subdued offspring retreated, she became conscious of a great sense of relief. She felt so carefree and comfortable in herself that she thought, "Gosh, blowing up is wonderful. I must do it more often..."

But blowing up had not caused her relief.

What caused it was the knowledge that she could present herself to an aggressive person as a woman who could assert her own value.

Child guidance experts mislead us when they extol the usefulness of a blowup to children. Our explosion does us no permanent good unless we register what it has really represented—an announcement of ourselves as a person entitled to consideration.

It is important to register the real cause of our relief after a blowup so that we can hold on to our new self-respect—and begin to establish it so consciously in our minds that we don't have to blow up every time Maida attacks it.

When, like her mother, we attribute our relief to the explosion itself, we lose the whole benefit of our little adventure into self assertion. We put our trust into angry explosions instead of into our new sense of importance. And every

time Maida irritates us, we feel obliged to produce a temper tantrum.

This is a waste of energy. A blowup's relief, insufficiently understood, can turn us into a bully instead of into a consistently self-respecting parent.

Thinking It Over

By Robert L. Diefenbacher, D.D.

Curious it is that so many folk weigh their neighbors in terms of goodness. "He is a good man," some say. "He is not so good," say others. "He ought to be punished," is said of a few. If this kind of balancing of men against weights of goodness were important we might have expected that God would have used the procedure.

He has always taken men and women as they were, and changed their lives to lives of service. We do not find that He took "pretty good folk and made them better." He found that all men were sinners and He does not worry about degree. He makes a half a man or a third of a man whole.

We cannot make men whole, but we can help to bring others to the point where God can transform their lives. We would do well not to pass judgment on our fellow-men in the process. Even the well-meaning can fail if they overlook the cautioning command, "Judge not that ye be not judged."

The Washington Anomaly

Adams' Behavior Causes Astonishment Of Friends

By Joseph A. Dear
Of Our Washington Bureau

WASHINGTON — The very fact that the Sherman Adams mess is big news has a significance that has not been emphasized.

The case of Mr. Adams, Ike's principal assistant and strong right arm, is exceptional. Most employees of the federal government are honest and hard working. No Bernard Goldfine lavishes costly gifts upon them. The majority find it just as difficult to stretch their paychecks as other citizens.

That's why the spectacle of Sherm the Firm, with his "loaned" oriental rug, his luxurious overcoat, and memories of carefree days in expensive hotels, is news. It's out of the ordinary. It's unusual.

This is worth noting. The heavy volume of stories about Adams might give the opposite impression. It would be easy to conclude that Washington is populated by a collection of unscrupulous and unethical free loaders, whose good offices can be bought for a rug or two.

The basic honesty of most government servants makes mockery of the cynical defense some sophisticated have made of Adams' behavior. Everyone does it, according to these apologists, and Adams' only mistake was in getting caught. But everyone doesn't do it.

In point of fact, the level of decency and honesty in the national government exceeds that of many states and cities. For example, a \$500,000 real estate scandal has come to light in New York. It has been years since monkey-shines of that magnitude plagued Washington.

The governments of states and cities often yield to unwholesome pressures. Washington is inflexible by comparison. The oil industry knows this, and that is one reason the industry preferred state control of tidelands oil areas.

The fix in which Adams got himself has touched off a spasm of

malicious glee. He is the White House no man, and doesn't trouble to conceal a self-righteous streak. When the story broke, the general reaction was that it "couldn't have happened to a nicer guy."

Malicious glee was coupled with astonishment. Adams seemed the last man who would put his boss, the President, on the spot. And in accepting thousands of dollars of free hotel services, the "loan" of the rug, and the coat, that is exactly what Adams did.

But Adams did more than just accept the gifts of Boston Industrial Goldfine. He personally phoned the Federal Trade Commission, which was investigating the actions of a Goldfine company. (Some of these records, according to the acting chairman of the FTC, have been inadvertently destroyed.)

Keep in mind that Adams was the man who got the then chairman of FTC his job. And remember that as Ike's right arm, Adams has tremendous influence. Now judge for yourself the value to Goldfine of an Adams phone call.

Adams did something else for Goldfine. A competitor of Goldfine filed a complaint with the FTC. Certain business practices of the Goldfine firm were the subject of the complaint. Adams got the name of the complainant, and passed this information on to Goldfine.

In doing this, Adams was striking at the heart of the federal regulatory system. The identity of complainants is supposedly a secret, just as the identity of FBI informers is. If informers get the idea that their identity will not be protected, they'll stop informing. And that would complicate the task of the regulatory agencies.

At his somewhat inconclusive appearance before the Interstate and Foreign Commerce investigating subcommittee of the House, Adams in effect conceded that some of his activities were unwise. It's too bad his foresight didn't match his hindsight.

Got The Financial Blues? There's a Good Reason

By FAYE HENLE

Who has been in there "playing" the stock market these past few weeks?

We claim no pipeline to the traders' books. Yet, we've a feeling it's been you. You, who should only buy the quality issues, have somehow decided that there is a chance to pick up a couple of extra dollars—quick.

To a considerable extent it has been the low-priced, poorer quality issues that have shown the highest volume of trading. Some stock market analysts point to this as a danger signal.

We give no market advice. We would merely like to suggest that it is far wiser to buy 10 shares of a top grade issue, if this is all that you can afford, than 100 shares of a lower quality stock.

There is little doubt that there are more small investors in today's market than have been spotted in many a year. That is why we issue this warning.

"Tell them not to try for a fast buck with a small amount of capital," the professionals say. They point out that low-priced issues are usually more speculative, frequently "over-priced."

"Tell them to buy quality issues, the seasoned stocks, the ones that pay dividends," is the Street's advice.

One good yardstick for a new investor is to find out whether an issue has been bought by institutions—by mutual funds, closed-end investment trusts, pension funds,

insurance companies or banks. This lends a certain amount of stability to those stocks because institutions don't panic and sell when the market declines.

Too often the new investor believes that buying odd lots is an unnecessary expense. This is sheer nonsense. Everyone expects to pay something for a special service and since shares usually trade in round lots, commonly 100 shares, the odd lot brokers, whose business it is to break up the 100-share units for you and me, are entitled to a little something.

Remember also that the brokers' commissions can cost you more percentage-wise for the low-priced issues than for the higher priced ones.

You've got, say, \$500 to invest? You are eyeing a \$50 stock. What will 10 shares cost you? The odd lot fee is \$2.50, means you are paying 50 a share. The brokerage commission is \$11. Total cost to you for this transaction is \$513.50 plus a few cents to cover federal tax.

Or perhaps you've decided on 20 shares of a \$25 stock. The cost will be the same.

How about the cost on 100 shares of a \$5 flyer? No odd lot fee here but a \$13 brokerage commission. What have you gained? Fifty cents and the chance of some sleepless nights!

Newcomer, look for quality, not quantity. You will be playing it safer!

Gives Tips On Personality

Editor's Note—The writer of this column is the leading lady of her own Sunday night shows.

By LORETTA YOUNG

NEW YORK (AP)—To thine own self be true.

That's the best beauty formula I know. Don't smother your own personality. Think of it as an asset worth cultivating, make its development part of the joy of living. Be an original. Find, study and be yourself.

There's excitement in discovering your own individuality and developing it. Every woman is instinctively the best judge of her own possibilities. But instinct needs instruction, and every woman can learn to interpret what she sees in the mirror and to make the most of it.

I always have a full-length, three-way mirror on the set when I am working before the camera. I consult it frequently, especially the side and back views. The casual studio visitor might interpret these consultations as evidence of personal vanity, but a very false interpretation it would be. The mirror is there solely as a matter of business. Looking my best is essential to my job. And I have found—as you, too, can find—that the mirror and I are my severest and best critics.

Lipstick carelessly applied, a strand of hair out of place, a hat that is even a fraction of an inch awry—these are little details that might escape the eye of the make-up man, the director—even the cameraman. But any one of them can be destructive to the mood of the scene.

Recognize and value the good features. Really look at yourself in the mirror, then put on your best dress. Ask yourself if that dress is friend or foe. Does it do anything for you? If so, good, then it is your friend.

When you wear that best dress to a party, you'll feel happy and confident, satisfied with your appearance.

Not only your clothes — your hairdo and makeup also must be psychologically satisfying. Your personality needs to be attended to as well as your external appearance.

Remember first things first: the woman before the dress, vitality before beauty. Remember that without vitality, your hair will lack luster, your skin won't glow—your eyes can't sparkle. Your face isn't just an exposure of skin and topographical feature, to be powdered, eye-shadowed and lip-sticked.

The best advice I received came from Colleen Moore. It was my turning point. I showed up at the studio one morning, my face practically weighed down with heavy makeup. Colleen looked at me and said crisply: "Go home and wash your face." Six words. A lesson I've never forgotten.

Hairdo and makeup can be dramatic accomplices to your self-interpretation. Find your own special quality. Let your mirror talk truthfully to you.

If you're content, Narcissus-like, just to gaze upon your image in the mirror—either with satisfaction of self-pitying resignation — shame on you.

Kid Stars Are Movie Poison, But TV Viewers Love 'Em

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Kid stars named Shirley Temple, Freddie Bartholomew, Jane Withers, Mickey Rooney and Judy Garland led Hollywood out of a movie box office depression in the early 30's. Today a new generation of acting juveniles seems to be doing the same thing for hard hit TV programming. A number already are being called "little Rocks of Gibraltar" in the fast-changing, nervous TV business and more are headed for home screens next season.

On planning boards for next season, kiddies have integral roles in new shows titled: This Is Alice; Cindy; Peck's Bad Girl; and Room for One More.

Riding high TV ratings with juvenile stars and supporting players are Leave It to Beaver; Lassie; Casey Jones; Rin Tin Tin; The Danny Thomas Show; Father Knows Best; Circus Boy; Bachelor Father; Mickey Mouse Club; Ozzie and Harriet; Life With Father and the Rascals.

Television's rush to Hollywood film gave the unspoiled, unactorish "personality" kiddies their big chance — live show producers porried about kids remembering lines — and the old Hollywood saying, "Kids and dogs are the greatest scene-stealers of them all" became a password in TV's ivory towers on Madison Avenue.

But today's TV kid stars are far from being the spoiled little darlings of another era who earned millions for themselves and their studios in Hollywood's lush pre-TV days.

There is no pampering of juvenile TV players.

Their salaries are far below the onetime movie standard.

TV ballyhoo can't compare to the millions of words which helped the Temples and the Bartholomews gain worldwide fame. TV kid stars live in comparative obscurity and seldom have time, because of heavy TV schedules, to make headlines on far-flung personal-appearance tours.

But their fan mail, and public worship, is as great as it was in the days when kid stars were the financial backbones of the film industry.

Except for wild-eyed juvenile delinquents, kid stars are poison at today's movie box offices. But on home screens the kiddies are favorites with Mom and Pop and draw that appeal to adults.

Nine-year-old Jerry Mathers, the serious freckle-faced star of "Leave It to Beaver," and 8-year-old, saucer-eyed Jon Provost of "Lassie" are two "natural" acting talents who have captivated TV audiences during the past season.

Both are typical of today's TV juvenile stars.

Jerry's father is a high school counselor and his mother is a former school teacher. Jerry is naturally quiet and shy, all boy and no precocious unadjustable. He has been acting in movies and TV since he was 2, when the Mathers moved to Southern California from Sioux City, Iowa. The money he earns goes directly to a trust fund which insures a college education and a steady in-

Hammer Ring on Coinage Die Created Money--and Problems

Jack Benny

NEW YORK (AP) — Having been asked to do a guest column, I decided to write about a subject which has always appealed to me — from an academic sense of course—money!

With the hammer ring upon the first coinage die, man's load in life became lighter. In his pocket he could carry enough money to purchase things which prior to money's invention would have cost him perhaps 14 stone of watermelon, an unwieldy burden at best.

However, this hammer ring created a number of problems. The first was the problem of obtaining money. Second, and I'm not sure that's a proper placement, is the problem of keeping it.

Along these lines I have formed a certain set of operating procedures which I will be happy to pass along. Capricious buying should be avoided at all—you'll pardon the expression — cost. Never, in a weak moment, allow yourself to purchase something on a whim.

This may prove difficult for the neophyte as all the guile and craftiness of merchants is directed at just such weak-willed persons. Signs and advertisements drip with sentimental suggestions like "Buy your sweetheart a box of Goodie Chocolate."

A nice card and a candy bar will serve just as well. After all, it's not the money, but the thought which counts, and a card and a candy bar make you properly sentimental without overdoing it.

Never pick up luncheon or dinner checks at a restaurant, club or night spot. Once I picked up a check out of simple curiosity. I had no intention of paying it, but by the time I had added the figures, everyone had gone and I had to pay or wash dishes.

Now from time to time, even if you follow the above advice, someone will push a check toward you. At this point you have several possible courses of action.

come starting when he's 21. He goes to school on the set.

The father of Jon Provost is an aeronautical engineer who took a dim view of the whole idea when Mrs. Cecile Provost took 2-year-old Jon to a movie audition six years ago. But out of 100 babies, the studio picked big-eyed Jon for the role of Jane Wyman's infant son in "So Big" — and he has been playing acting in movies and TV ever since. Like Jerry, Jon is from a family of three children.

Rich Vein Of Humor

Editor's Note—The author of this column is the star of ABC-TV's Maverick program.

By JAMES GARNER

NEW YORK (AP) — When I pause to think of the rich vein of humor the Maverick scripters have tapped to make the series a superior TV product, I'm amazed that most Western historians treated the post-Civil War period like a wake.

We'd been led to believe that 1870 frontiersmen generally had an almost fanatical aversion to any type of humor other than a practical joke. Our silent screen Westerns reflected this mistaken premise; so the kids grew up with the idea that Tom Mix, Bill Hart and Hoot Gibson were nurtured on undistilled sour mash.

Our producer, Roy Huggins, a Phi Beta Kappa with enviable writing credits and considerable skill as a researcher, couldn't go along with the theory. Asked at the outset for a terse slogan for the series, he said: "An adult Western—with humor."

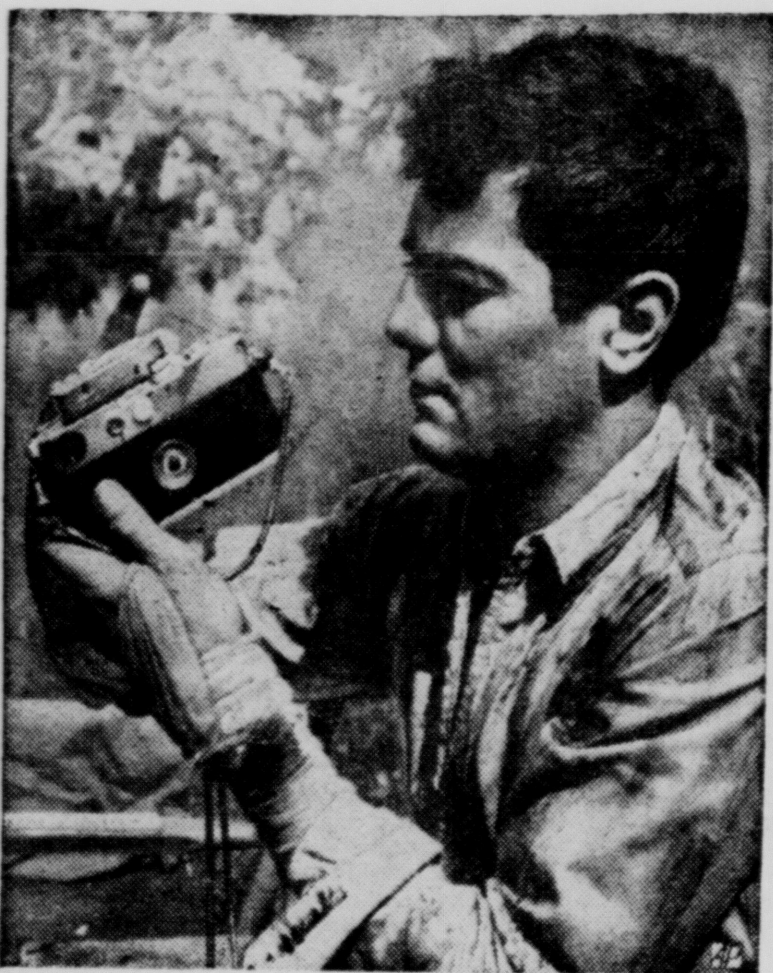

With that thought as a starting point, the writing craft was combed for dramatic writers gifted with humor—in distinction to comedy writers noted for building joke routines.

Actors? Well, all I can say is that I'm horribly miscast as Bret and Jack Kelly is a misfit as Bart if they were looking for performers to deliver the melancholy subtleties of psychological drama. We ain't the types.

It would be grossly unfair to any writer for me to take a hunk of his dialogue out of context to illustrate his over-all skill as a humorist, but instances do come sharply to mind to show, generally, the line of thought that bears fruit after Huggins has given a Maverick assignment to a writer.

As I write this, we're putting the finishing touches on a Maverick dubbed "The Day they Hanged Bret Maverick," and I hasten to add that the title doesn't denote the demise of the series. Quite the opposite: It'll probably be the opening show for the new fall series over an expanded ABC-TV network of stations.

I'd be drawn and quartered if I gave away the plot of "Hanged," but I can assure you that the script by Douglas Heyes is well-larded with sardonic humor. In one of the early shots, Maverick, the card expert, awaiting his execution in a moldy cell, is calmly cheating at solitaire. That's what you might term a "twist." I'm sure our 1870 frontier ancestors resorted to off-beat or shaggy dog humor. It was the historians who took themselves seriously.

STOPPING ACTION — Tony Curtis, an avid amateur lensman, sets his camera for location shot during break on set in Kernville, Calif., where he's making "The Defiant Ones."

Screen's Ruthless 'Killer' Is the Matinee Idol Type

By ERSKINE JOHNSON

HOLLYWOOD — (NEA) — Today's heavy—tomorrow's heavy lover.

It's a movie history chapter that keeps repeating itself. It happened to fellows like Clark Gable, Kirk Douglas, Alan Ladd and others. And if it doesn't happen to handsome Robert Evans I'm due for some booster shots at Cape Canaveral to get back into orbit as a seer.

The role that should put young Evans at the head of the feminine heart-breaking parade is a killer-diller in a movie titled, "The Hell-Bent Kid." In all of Hollywood's celluloid I don't remember a meaner heavy — and the odds are on 28-year-old bachelor Evans as star-bent.

Not because of his sadistic, gun-slinger movie role alone but because the screen hasn't had a classic profiled doll-charmer in many a year.

Evans is the "Anyone for tennis?" matinee idol type of the days when leading men looked like lovers instead of longshoremen. But today's movies have changed the line to "Anyone for murder?" And as a killer in "The Hell-Bent Kid" young Evans, the 20th Century-Fox studio is betting, will hit the top.

In his third film appearance, Evans kills off almost everyone in the cast except Hugh O'Brian, the film's star.

He murders his girl friend by breaking her neck, polishes off an old lady with a bow and arrow, feeds ground glass to a prison pal and pumps steel-encased lead into the backs of four other guys in a western so adult it makes the TV brand look like Ladies' Day at Frontierland.

He's so mean, in fact, he even spits into a girl's face before he loses a gun duel to O'Brian.

Young Evans' first movie role was as Hollywood star-maker Irving Thalberg in "The Man of a Thousand Faces." Then he played Romero, the bullfighter who romanced Ava Gardner in "The Sun Also Rises." During the filming of that one, fellow actor Errol Flynn quipped to him:

"Sport, you're going to make the rest of the bullfighters look like dress manufacturers."

Manufacturing sportswear for women, in partnership with his brother Charles and another fellow, was Bob Evans' business, you may recall, until Norma Shearer, the widow of Thalberg, decided he was just the type to

play her late husband in "The Man of a Thousand Faces."

Money was something New Yorker Evans didn't need when Norma "discovered" him a year and a half ago. His sportswear business was earning him a comfortable income and still does. But as an ex-kid New York radio actor, who had appeared on over 300 shows and several TV programs dating back to the age of 11, he couldn't resist the lure of the movies.

In 1948, as a matter of fact, he was about to play a role in a Universal film but he suffered a collapsed lung during a Florida vacation and was incapacitated for a year. But even while convalescing in Miami, show business had more allure for him than women's sportswear and he became the country's youngest disc jockey on radio station WINZ there.

Now he's playing it cool. With no money problems to worry about, Evans can afford to play only roles he likes, renew his acting studies, date the glamor girls and pay a fan mail service for handling 1,000 mash letters a week. "It's amazing," the fan mail service says, "for someone who has been seen in only two pictures."

Fox believes the answer is Evans' charm, acting ability and handsome sleek-haired feminine appeal.

The studio believes he'll have little time for his clothing business after "The Hell-Bent Kid." He will be delighting the ladies with something but it won't be sportswear.

It will be Robert Evans.

Is Star In Sexy Roles

By BOB THOMAS

HOLLYWOOD (AP)—For a girl who is fairly proper Bostonian, Lee Remick certainly has gotten herself into a lot of sexy roles.

"First came 'A Face in the Crowd,' in which she played a hip-swinging baton twirler with an eye for Andy Griffith and various other males. Then in 'Long, Hot Summer,' she was a sultry Southern belle whose prime interest was sex.

Her third picture is "These Thousand Hills," a Western. And does she get to play a valiant pioneer gal? Nope. She's a lady of the evening.

"I can't understand how I got

typed," she complained mildly. "It's gotta stop."

I've got news for her. This sort of thing can't be stopped. Once a newcomer gets typed, especially in sexy roles, it sticks.

The strange part of it is that Lee seems more like the Debbie Reynolds type in person than the Marilyn Monroe variety. She's a refreshing, wholesome girl who seeks no undue notice of her obvious physical merits.

Matter of fact, the girl won't even pose for cheesecake.

"They asked me to at Warners once," she recalled. "I told them absolutely no. What I want out of acting has nothing whatsoever to do with cheesecake."

See what I mean about this girl? She admits to being "fairly proper" and her Bostonian background extended only from birth until she was 6. Then she moved to New York.

Glenn Ford May Go Back

By BOB THOMAS

HOLLYWOOD (AP)—Notes and comment on the Hollywood scene

Glenn Ford may return to the footlights for the first time in 20 years—if an ambitious plan for the Brussels fair can be worked out.

There's a move under way to star Glenn at the American theater in the fair in "Teahouse of the August Moon." Glenn says he's willing—if producer Jean Dalrymple can come up with a top-notch cast. She's going after David Wayne, Eddie Albert and Paul Ford, who have played roles in the stage or screen versions (Paul Ford did both).

Glenn would be available from his film chores because he has been suspended by Columbia for declining "The Last Angry Man." The studio is also suing him for a pile of money, but he thinks it will be settled amicably.

If the Soviet Union sent us the Moiseyev dancers, the least we could do is give them the Champions. Marge and Gower say they would be willing, nay, eager to display their brand of dancing to the Soviets. They'd like to take along their Three for Tonight Show, in which they starred with Harry Belafonte. There's a trio that could make a lot of friends for the United States.

Otherwise, the Champions are carrying through with their plan to taper off on the dancing. They'll play no night clubs this year. Instead, Gower will direct Marge in a nonmusical play which they'll try out in summer theaters and perhaps take to Broadway.

Groucho Marx is another summer theater convert. He'll play in the East with the show he wrote

'Superman' Finds Success

By BOB THOMAS

HOLLYWOOD (AP)—"It's like Hopalong Cassidy trying to get an acting job in white tie and tails."

This was George Reeves' lament. He's an actor and a good one. He ought to be, after 26 years at it. He has been in the movies 21 years.

So why isn't he working?

He's Superman, that's why.

"The producers wouldn't give me a job," he said. "They'd take one look at me and say it was impossible."

This freeze on his acting career has driven him behind the camera. That may be the best thing that ever happened to him.

"I took over as director on the last 13 Superman segments we made last fall," he remarked. "I did it as sort of a chance, but I was surprised to find out how much I knew. I suppose you ought to absorb some knowledge after being in the business as long as I have."

"Now I'm enthused about doing more. I'm forming a production company and we plan to make a couple of science fiction features back-to-back. The trick stuff should come easy. We've done everything imaginable in the Superman series."

George certainly must have known that Superman would blight his outside acting career. I asked him why he undertook it.

"I was hungry," he explained simply.

It's not quite as simple as that. A reliable performer, George has done well over the years, although not always spectacularly.

But when he returned from the war, he was just another in the small army of actors trying to rebuild their careers. He had a contract at Paramount but got lost there.

He went to New York in the late 40s and prospered in live TV. But when Superman came along eight years ago, he succumbed.

His fate isn't as black as it seems. He gets "perpetual residuals," which means that he is paid every time the series is played. And it is being played all the time. He boasted that it is the No. 2 daytime show in audience ratings here, and is appearing in seven foreign countries.

with Norman Krasna, "Time for Elizabeth."

Then he's going to England. . .

'Twas nice to see some of the old-time Western stars out at 20th Century-Fox's preview of "The Bravados." Among the old-timers: Monte Blue, Ken Maynard, Gabby Hayes, Gary Cooper. Gabby says he has retired, feels he has earned it after 175 Westerns and 66 years in show biz.

Catholic Women Hold First 1958 Meeting

The Council of Catholic Women of the Central Missouri area held its first meeting since its organization last February into the Jefferson City Diocese, at St. Andrew's Parish Hall in Tipton June 15.

More than 70 representatives attended from 19 affiliated parishes in Pettis, Moniteau, Cooper, Saline, Howard, Morgan and part of Cooper counties. Mrs. J. E. Turley, president, presided. Reports of activities of federated Catholic women's groups under four committees were read. These reports concerned spiritual development, learning Christian doctrine, home and school cooperation, and rural life.

Monsignor Harold J. Beeler, head of the Boonville Deanery, gave the principal address, speaking on "Rural Life." He stressed that farm life is especially valuable in bringing up families trained in partnership and mutual helpfulness.

The Ladies of St. Andrew's served cookies and coffee. It was announced that the fall meeting of the Council will be held at Annunciation Parish in California and the winter meeting at Pilot Grove.

Vacation Bible Class Picnic Well Attended

The Vacation Bible School picnic of the First Baptist Church, held at Liberty Park June 13, was well attended by the children in Bible School and many of the parents. Everyone had a good time. This gave all the parents an opportunity to fellowship together as well as the children. The picnic is always an important part of the Bible School, and the children always look forward to it. That evening the Parents' Night program held at the church gave the parents an opportunity to see their children in their program and view their handiwork.

A's Host Columbia Tonight, All-American Girls Sunday

Sedalian Seek Victory Over Semi-Pro Team

Manager Vint Siegel's Sedalia Athletics, now deadlocked with the Missouri Valley ABC League, will be in a position to regain the lead at Liberty Park tonight when they square off against the Columbia VFW Club, defending Missouri Semi-Pro Champions. Game time is 8:15 p. m.

The A's, who also will be gunning for their fourth consecutive victory, will call on Bill George, their big righthanded ace, to get the job done against the strong Columbians. It was George who handed the Jefferson City Redbirds their first loop setback of the season when he made his initial start for the A's two weeks back. He allowed seven hits and fanned ten as he went the route in this game.

Since losing their season opener to Jefferson City, the A's have been unbeatable. They have posted three consecutive wins and in each instance they have received routine hurling.

Columbia was the first victim of this spree by the A's losing a 5-3 decision to Elroy Burton at the university town. Burton probably would have received the starting nod tonight, but he will be stationed at the hot corner for the ailing John "Bull" Higgins, the A's regular third sacker. Then came George's 8-2 triumph over the Redbirds.

Tuesday night, in one of the finest games played on the Liberty Park diamond in several seasons, the A's edged the Buford Surveyors of Kansas City, 4-3. The Surveyors, loaded with former professional talent, were set down by Dave Johnson's seven hit effort.

Missouri Valley League play has been largely curtailed by the weather for the past week, but in action at Jefferson City on Wednesday night the pre-season favorites, Stan Adrain's Redbirds, dropped their third consecutive loop tilt, bowing to the Mexico Builders, 3-2.

Ross Boeger, the ace of Jefferson City's hill staff, pitched one of the greatest games of his long career, allowing only three Mexico men to reach base. But the only two hits — the other man reached first on an error — were home runs. The loss dumped the slipping Birds into third place in the loop. The home runs were clubbed by Dab Hill, former Missouri University first sacker and Ed Bolch, Tom Douglas, the Builders ace chucker, gained his second MVL win.

DeJohn Favored Over Bob Baker Tonight

SYRACUSE, N.Y. (AP)—Mike DeJohn, a handsome heavyweight with a great potential, is a 7.5 choice at War Memorial Auditorium tonight.

A red hot contender eight months ago, the 26-year-old Syracuse slammer now needs a decisive victory over the 31-year-old Baker to get back in the limelight.

Last October the rangy, hard hitting DeJohn scored a sensational one-round knockout over then unbeaten Alex Miteff of Argentina.

Then he remained on the sidelines until last April 23 when he met Cuba's Nino Valdes, another happy-go-lucky character, and lost by a narrow, split decision.

DeJohn at about 204 is now ranked ninth. Baker no longer is ranked. Bob's record, numerically at least, is good. He is 50-11-1 with 19 knockouts. The 6-2, 215 pounder won his last three fights in 1937 and hasn't fought since December.

ALL-AMERICAN GIRLS second sacker is Joan Berger of Garfield, New Jersey. Miss Berger, who played with South Bend in the National Girls Baseball League, was an all-star selection as a professional. She will appear at Liberty Park Sunday night when the All-American Girls play the Sedalia Athletics.

Rosewall Has Hard Work In Tennis Match

FOREST HILLS, N. Y. (AP)—This is tiny Ken Rosewall's schedule in the \$15,000 tournament of tennis champions—Panchito Gonzales tonight, Lew Hoad tomorrow afternoon. That's a 24-hour grind against the supreme sluggers of pro tennis.

"The good players always get an easy schedule," the little Australian laughed. "I better get some sleep."

If Rosewall wins both matches, he'll grab the \$3,000 brass ring in the six-match round robin. His record is 4-0 after last night's 6-3, 6-3 victory over another Aussie, Rex Hartwig.

Gonzales, the pro king from Los Angeles, is 3-0 and Aussie Hoad is 3-1. Hoad stopped 37-year-old Panchito Segura, 6-2, 7 last night before 5,000 chilled fans while Gonzales was idle.

Of the other four pros, only Tony Trabert has an outside chance to tie for first place. He's 2-2 after an 8-6, 8-6 triumph last night over Australian Frank Sedgman, who stands 0-3. Segura is 1-3 and Hartwig 0-4.

The tourney schedule set up a Sunday climax between Gonzales and Hoad as the likely decisive match. But Rosewall's touch-and-go game has changed that.

"If Kenny beats me and then Lew," warned Gonzales, "it's all over Saturday. Kenny doesn't play Sunday. Lew and I'll be playing for second money."

Gonzales knows what he must do to halt Rosewall's brilliant backhand, rated the best in the world since Don Budge. "I know it. And he knows it," Panchito admits. "I'll play to his forehand. His backhand is too good. A lot will also depend on my return of service. I've got to keep the ball away from him. If not, he hits a very offensive volley."

Jefferson City Leads Inter-City Golf Meet

COLUMBIA, Mo., (AP)—At the halfway point in the intercity golf tournament, Jefferson City leads with 624½ points. Jim Tom Blair was the medalist with a four-under par 68 in the second round.

Jefferson City trailed Columbia by 15 points in the first round at Fulton, but scored 323 points yesterday to take the lead. Columbia now has 607 points, Fulton 466½ and Sedalia 462.

Athletics Face Famous Ladies Sunday Night

The famous All-American Champion Girls baseball team will make an appearance in Sedalia Sunday night, meeting the Sedalia Athletics on the Liberty Park diamond. Game time is 8 p. m.

The All-American Girls played to a packed house at Liberty Park in 1936 and staged a show which is still being talked about around the old hot stove.

Veteran manager Bill Allington stresses that his club is the real thing — not a fly-by-night outfit merely with a publicity genius. For instance, the girls play against the stronger sex under official baseball rules. The only exception to this fact is the men's batteris perform for the girls and the girls handle the pitching and catching chores for the men. They have never played under the .500 mark for any season.

Allington, a well known baseball man throughout the country, has taken this team and molded it into one of the finest attractions in the land.

A pre-game feature is a novelty show by the girls—and as yet not duplicated by men teams. One of the feats is performed by Dolores Lee who stands at home plate and throws two balls. One travels to the pitcher and the other takes off to the second baseman. Miss Lee also can stand on the mound pitch two balls. They go to separate catchers standing 25 feet apart.

She is a star shortstop, third baseman and pitcher with a wonderful arm, control and experience. Definitely, she has plenty of curves on the ball.

Other stellar performers include Eula Miller, versatile player from Why Not, Mississippi. Miss Miller—many observers believe—throws harder than any woman in baseball. She's also a crack infielder.

Ruth Richards, a catcher, outfielder Dolly Vanderlip and first sacker Mary Taylor have been called the "bread and butter" performers for the All-American Girls. All three were all-star selections in the now defunct National Girls League.

So far this season the girls have played 20 games, winning nine and losing eleven. This isn't so bad when consideration is given to the fact that they play the fastest men teams in the nation. They have appeared in 33 states and Canada.

Team members come from Texas, New Jersey, California, Pennsylvania, North Carolina, Nebraska, Tennessee, Michigan, Missouri and other areas. Everywhere they play the press clippings have praised the performance. Sedalia fans will be in for a treat Sunday night and Vint Siegel, manager of the A's, is concerned over his players. A good winning streak will be at stake, but Siegel said he didn't think his club would win "unless the boys keep their eye on the ball."

Willie Mays Expected To Rejoin SF Today

NEW YORK (AP)—Willie Mays, leading National League hitter despite a two-week slump, was expected to rejoin the San Francisco Giants today after an over-night hospital stay for a physical check-up.

A terse hospital report said only that Mays had been examined Thursday and had remained there for the night. A hospital spokesman added, however, that Willie "probably will be released today, or tomorrow at the latest," and that a report of the examination would be given Giants Manager Bill Rigney.

Rigney, who benched Mays for the first time this season at Pittsburgh Wednesday night, said Willie appeared run down with a possible touch of the flu.

Spahn Swept By Epidemic; Braves Lose

By ED WILKS
The Associated Press

First Stan Musial. Then Willie Mays. Now it's Warren Spahn, Milwaukee's stout southpaw, who has been hit by the slump epidemic sweeping the National League.

Spahnie, one of the all-time great left-handers, was off on a streak in pursuit of his ninth season of 20 or more victories. He was the first to win eight, May 31. He hasn't won since.

He lost his third in a row last night, again beaten by a gopher ball, as the Chicago Cubs hammered four home runs for a 5-4 decision that held the Braves' first-place edge to two games. Rookie Tony Taylor's first major league homer was the clincher in the ninth.

It was the 11th homer given up by Spahn in the three-game slump, nine of 'em by the Cubs—who started his skid with five home runs in a 6 decision June 10.

Second place San Francisco—with Mays sent to a New York hospital for a check-up—was beaten 6-5 at Pittsburgh. Philadelphia rapped Los Angeles 3-0. Cincinnati and St. Louis were idled by rain.

In the American League, the New York Yankees hit five home runs for a 9-3 victory at Cleveland. Early Wynn tossed a two-hitter that beat Boston 4-0 for the Chicago White Sox. Washington ended Detroit's winning streak at five games 4-3 and Baltimore defeated Kansas City 4-2.

Spahn now 3-4 has given up 13 home runs this season. 14 of them in the games he lost. He allowed only 23 homers all last year.

Walt Moryn, who now has hit 15, counted a pair off Spahn last night and Al Dark got the other. But it was Taylor who was in Spahn's hair. He stole home for a 1-0 lead in the first inning, then cracked a 4-4 tie with his homer that chased Spahn with one out in the ninth.

Spahn, whose single was the only hit off Cub starter John Briggs for three innings, made his 20th career home run, first of the year, good for two runs as the Braves took a 3-2 lead in the fourth. Right-hander Glen Hobbie, third Cub pitcher, squared his record at 5-5, blanking the Braves on three hits in his four innings.

Right-hander Ray Semproch won his eighth for the Phils and had a no-hitter for 6 1-3 innings. He had a three-hit shutout until the ninth, when Joe Pignatano, who hit his first major league homer Wednesday, socked No. 2 and Duke Snider belted his fifth. Stan Lopata hit a three-run homer in the first and the Phils then scored five in the third with six consecutive hits off starter-loser Johnny Podres (7-5) and Don Drysdale.

Ladies Conduct Third Meet Of Inter-City Golf

The third meet of the ladies' Inter-City golf tournament was held Tuesday at Sedalia. Medalist was Mrs. Lois Cook, Jefferson City, who had an 84 for 18 holes.

Sedalia's medalist was Mrs. Lucy Maunders with a 90. Sedalia's high point golfer was Mrs. Lucy Hayes with 38½ points.

Columbia scored 265½ points, Sedalia 244½, Jefferson City 232½, and Fulton 121½. Total scores to date are: Columbia 795, Jefferson City 697, Sedalia 664, and Fulton 436.

The Sedalia Country Club golfers were: Mrs. Margaret Ann Parker, Mrs. Lucy Maunders, Mrs. Marianna Polham, Mrs. Lucy Hayes, Mrs. Hazel Brown, Mrs. Jo Ann Dugan, Mrs. Jo Ann Walker, Mrs. Joyce Comiot, Mrs. Clara Belle Feig, and Mrs. Muff Hulise. The final intercity play will be held at Fulton June 24.

USC Nips Missouri For NCAA Baseball Title

OMAHA (AP)—Southern California rules today as the champions of the college baseball world.

The Trojans grabbed the NCAA World Series title Thursday night by beating Missouri 8-7, the second win two nights over the Big Eight Conference champions.

It took 12 innings for the Trojans to get the job done. Mike Blewett finally broke up the game, driving a long hit to right field to score Red Johnston from third with two men out.

Democrat-Capital SPORTS

The little leaguers continued their race yesterday after having been unable to play Wednesday evening due to rain.

In the first game at Liberty Park the 1937 champions, Sedalia Ice, went down to a tough defeat at the hands of the Jaycees, 4-1. Both Miller, Ice Hurler, and Gravitt, Jaycee moundsman, pitched professional ball. Miller struck out ten and gave up only one hit, an infield fly which dropped between pitcher and second base; but due to five costly Ice errors, the Jaycees were able to take advantage of the breaks and score four runs. No Jaycee ball was hit out of the infield.

Jaycee pitcher Gravitt also struck out ten and was not plagued by errors. He gave up only two hits, which went to Ice first baseman Green, and to left fielder Randall. Woolery, Jaycee right fielder, got the lone hit for the home club. The game was tied at 1-1 going into the fifth inning, when the Jaycees took advantage of four Ice errors and one hit. This was good for three insurance runs as Ice did not score in the top of the sixth.

Post 16 went down to defeat at the mercy of the hard hitting Lions bats, 12-1, in the second game of the twin bill.

On the mound for Lions was winning pitcher Daugherty, who helped himself at the plate also by hitting two for three. He allowed two hits, four walks, and fanned five. Manns was the Post 16 hurler. He gave up 12 hits and four walks.

Post 16's left fielder, Bain, and catcher, Rice, collected the two hits for that club. Lions catcher Newbill had a perfect two for two night at the plate, and second sacker, Sisemore, and left fielder, Rieger, had a two for three account at the plate.

The major league is now in a four-way tie for first, the top teams being Ice, Jaycees, Optimist and Kiwanis.

In the games at Housel Park, both the Ice A and B teams beat the Jaycee clubs, 3-2, and 10-4.

In the first game Ice-B defeated Jaycees-B, 10-4. Hurler, who was the winning pitcher, giving up five hits. M. Curdy, on the mound for the losing team, allowed only seven hits.

Jaycee catcher and first baseman, Paxton and Ditzfield, had two hits for two times at the plate. Ice third and first sacker, Boehne and Griffin, and pitcher Hurley also had perfect nights at the plate.

Ice-A won the second game, beating Jaycees-A in a close contest, 3-2.

Tippie, the winning pitcher, allowed two hits, and Lyberger, the loser, allowed only three. Botcher, Phillips and Hemple collected the three Ice hits. Lyberger and Bacon got the two hits for the Jaycee club.

Lopez Makes Point; Sox Still Seventh

By ED WILKS
The Associated Press

Okay, so Al Lopez has made his point. Those winter trades that peddled power for pitching have helped give his Chicago White Sox four shutouts in five games. But they're still seventh in the American League race, 11½ games behind.

Jim Wilson, Dick Donovan and Billy Pierce, three old hands, pitched consecutive shutouts, and after taking a five-home run pounding from Boston Wednesday, the White Sox beat the Red Sox 4-0 yesterday on the two-hit pitching of Early Wynn.

The veteran right-hander, acquired from Cleveland, now has a pair of two-hitters for the season, and owns half of the six shutouts bagged by the Chicago staff. Yesterday's showpiece, in which he faced both 30 men and didn't give up a hit after the sixth, was his 36th major league shutout and his 10th two-hitter in the big time.

Yet the White Sox didn't gain an inch on the first place New York Yankees, who rapped five homers and beat Cleveland 3-4 for a three-game sweep that left 'em nine games ahead of second place Boston. Washington junked its slump at five games, and ended Detroit's winning string at five, with a 4-3 decision. Baltimore jumped into fifth with a 4-2 victory at Kansas City.

In the National League, the Chicago Cubs belted four home runs and handed Warren Spahn his third consecutive defeat 5-4 at Milwaukee. That held the Braves' lead at two games over second place San Francisco, beaten 6-5 at Pittsburgh. Philadelphia beat Los Angeles 9-3. Cincinnati and St. Louis were idled by rain.

Wynn, now 7-5, walked but two and struck out eight. He leads active major leaguers with 1,705 strikeouts in his 18-year career. He gave up a second-inning single by Frank Malzone and a sixth inning single by loser Frank Sullivan (4-2). Wynn fanned Ted Williams for the last out.

Early, 38, scored the only run he needed himself, on Billy Goodman's third-inning sacrifice fly.

Andy Carey hit two of the Yankee homers, giving him eight. Both were off reliever Bob Lemon. Home runs by Enos Slaughter and Elston Howard gave New York a 3-0 lead in the second against rookie Gary Bell, who lost his first in three decisions. Hank Bauer got the other Yank homer, while Rocky Colavito hit his 11th, with one on, in the ninth for the Indians. Johnny Kucks (5-3) went all the way with an eight-hitter.

The Orioles, in last place before sweeping three at Kansas City, took it on Gene Woodling's two-run homer in the eighth off Ned Garver, who has lost three in a row. Ken Lehman won it in relief for the Birds, now just a half-game out of third and two shy of second.

Lil Albie Pearson doubled home a tie-breaking run in a two-run seventh for the Senators, then tripled home the winner in the ninth. Dick Hyde saved Russ Kemmerer's fourth victory, putting down the Tigers after they scored two unearned runs in the ninth. Paul Foytack (5-7) dropped his third straight.

Violent Fall Ends Career

INGLEWOOD, Calif. — A spectacular spill in a stakes race at Hollywood Park yesterday brought a violent end to Jackie Westrope's 25-year riding career.

He passed the pack on the outside and was ahead, 70 yards from the wire, when his mount bolted into the rail. Westrope was thrown.

The 40-year-old former national riding champion hit the rail so hard, a track official said, he bent almost double—backward—around it.

He died less than two hours later, despite plasma and oxygen.

Westrope began big-time racing at 15 and in that year—1933—rode 301 winners to become national champion. In ensuing years he had 2,439 winners from 17,136 mounts. In many winnings he ranked 10th nationally with a total of \$8,944,002.

A friend who accompanied him to Centinela Hospital after the accident said:

"There wasn't a mark on him. But he was all broken up inside."

Doctors said he suffered severe internal injuries and fractures of the shoulder, arm, elbow and ribs. An autopsy will be performed.

No inquiry is planned at the track. "The only one at fault was the horse," said a Hollywood Park official.

His mount, a 3-year-old filly named Well Away, began lugging in toward the rail near the end of the \$28,350 Hollywood Oaks, a mile and an eighth feature event. Said Wendell Cassidy, presiding race steward:

"Westrope was doing all he could to straighten her—even hitting her alongside the head. Suddenly she bolted into the fence, throwing Westrope."

Fred Smith was killed at the same track in 1951. Other spills claimed Georgie Woolf at Santa Anita in 1946 and Richard Thompson at Gulfstream in 1952.

In his quarter-century of riding Westrope hoisted many a famous horse to victory in big stakes races.

Among his wins were the 1938 Santa Anita Derby, on Stagehand; the 1939 San Juan Capistrano at Santa Anita, aboard Cravat; the 1954 Jersey Sakes, with War of Roses.

He rode Honeymoon to victory in the 1946 inaugural of the Hollywood Oaks, the race in which he died.

Westrope had made headlines on practically every big track in North America.

In 1945 he was grounded at Del Mar for a rough ride aboard Ace Hudkins. In 1952 he rode Intent to an apparent victory in the Santa Anita Handicap — but stewards said he fouled Mische in the home stretch and he drew a 34-day suspension.

Westrope was born in Baker, Mont., and rode his first bush track win at Lemon, S.D., when he was 12.

His parents, Mr. and Mrs. W.T. Westrope of suburban Monrovia, were at the hospital when he died.

He also leaves his widow, Cecilia, and four daughters, Pam, 14, Jan, 13, Jackie, 2, and Jill, 3 months. Pam and Jan are daughters by his first wife, actress Nan Gray, now the wife of singer Frankie Laine.

Bob Crosby's Son
Is Arrested For
Moving a Car

LOS ANGELES (AP)—Orchestra leader Bob Crosby's son Christopher, 15, and a companion were arrested early today. Police said they had pushed a sports car out of a Bel-Air driveway.

Young Crosby and Jeffrey Davidson, 16, were booked at the West Los Angeles police station on suspicion of "temporarily depriving the owner of a vehicle joy-riding."

"Christopher said he didn't know why they did it, that it was a crazy idea and they just wanted to try it out," Officer W. R. Maxwell reported.

Young Crosby was released to his mother, Mrs. June Crosby, and Davidson to his parents, Mr. and Mrs. Raymond Davidson, West Los Angeles.

The youths said they were cruising in the fashionable Bel-Air district in a convertible owned by Christopher's father. They spotted a 1938 Corvette parked in a driveway.

Peter Heisser, owner of the sports car, called police. He told them he had heard a noise, looked out of his house and saw two youths pushing the car out backward of his driveway. He said he ran outside, yelling, and the boys fled on foot. The elder Crosby's car was parked across the street.

Maxwell said he and Officer W. F. Dacey spotted young Crosby behind a bush at a nearby corner. En route to the station with Christopher, the officers picked up young Davidson, hitchhiking on Sunset Boulevard.

Farmer Plows Up Jar
Containing \$1,095

MOUNT CLEMENS, Mich. (AP)—Maurice Suetet was plowing on his farm May 9 when he turned up a broken jar.

Suetet was about to throw the jar away when he noticed the corner of a \$5 bill in a ball of mud inside the jar. He sent the jar and the mud to the Treasury Department.

The department notified Suetet Thursday the remains of bills in the mud were worth \$1,095 and it was forwarding a credit for that amount.

Negro Not Happy With Mississippi

ALBANY, Ga. (AP) — Clennon King says he hopes to return to Mississippi where he was placed in a mental hospital after an unsuccessful attempt to enter the all-white University of Mississippi.

"I don't think any citizen should be forced to leave any state in this country," he said last night in an interview. "I haven't done anything wrong. I'm not an agitator or anything like that."

The 37-year-old Negro educator and minister left Jackson, Miss., by plane yesterday to spend a few days with his father in this south Georgia city where he was born.

"I just felt that I had to have a chance to pull myself together and arrange my thoughts," he said. "After that I hope to go back."

But he added, "I don't want to stay in Mississippi if I'm not wanted. I haven't been treated right in Mississippi."

"I think Gov. J. P. Coleman should apologize to me and that the state should reimburse my family for the expenses in setting me free. They know they've done me wrong. I'm disillusioned. I don't feel free in Mississippi."

King was released Wednesday from the state mental hospital at Whitfield, Miss. He still faces charges of disturbing the peace and resisting arrest in Lafayette County, where the University of Mississippi is located.

He said that if there is no apology he may sue the state of Mississippi "for acting as they have acted."

King arrived in Atlanta coatless and without baggage 24 hours after Mississippi officials released him from the mental hospital. He took another plane to Albany.

The pastor of the African Methodist church at Gulfport, Miss., said the trip might be called a flight because officials said "it was possible I might be hurt by extremists if I remained."

Officials in Mississippi said King went berserk while trying to enter the University of Mississippi two weeks ago. King denied this but said he called for help when he was taken to a basement by officers. He said he was not mistreated physically.

Wanted to Start Car To See Wipers Work

KANSAS CITY (AP) — The car stood in the middle of the street when police arrived.

In the front seat were two boys, aged 11 and 8, and a dog.

The boys told Sgt. Logan Crokey of the juvenile division they had rolled the automobile from a nearby garage and put 17 cents worth of gasoline in it.

They said they wanted to start the car to see the windshield wipers work.

Man Out on Bail, Didn't Think He Mistreated Dad

STAYTON, Ore. (AP) — Daniel Cole, free on bail today, said he didn't think he had been mistreating his father.

"Naturally I feel embarrassed," said the 60-year-old one-time preacher on being released late yesterday from jail. He was arrested Wednesday night and accused of penning up his 88-year-old father, Eugene, inside an electric fence.

"It was a damn hot wire," said Police Chief Everett Norfleet of the charged wire that kept the elderly man within a 100 by 100-foot enclosure. A battered old trailer house and an outdoor privy were within the enclosure which Cole said he put up to keep his father from wandering away.

The son posted \$2,500 bail. He will be arraigned Monday on a charge of assault and battery.

Police said when they arrested the younger man he had been kicking his father, then reviving him by pouring water on him. The father was taken to a hospital where he was reported to be in fairly good condition after food and rest.

The son was a Seabee in World War II and, Mayor Marcel Van Driesche said, was a chaplain in that organization. He preached at the Methodist church here a few times some 20 years ago and was police chief for a brief time, the mayor added. More recently he has been a movie projectionist.

Displaces Auto Racing In Affection for Lance

HOLLYWOOD (AP) — A pretty actress has displaced auto racing in young Lance Preventow's affections.

Lance, 22-year-old son of heiress Barbara Hutton, will be dating Jill St. John, 17, next Sunday instead of driving in a road race.

He competes in virtually all Southern California sports car races and left town last Sunday for a race. When he returned, he found that Miss St. John had a date with someone else.

Red-haired Jill says she's serious only about her acting career. She's to be in court next month to seek a divorce from Neil Dubin, a business man whom she married eight months ago.

Report Hagertys Vacationed Free At Swank Resort

TAMPA, Fla. (AP) — Presidential press secretary James C. Hagerty and his wife received free golf lessons, lodgings and meals to the tune of \$260.97 from a swank resort club in 1957, the Tampa Tribune said today.

Hagerty and his wife vacationed for five-days as guests of the exclusive Ponte Vedra club near Jacksonville Beach from Jan. 27 through Feb. 1, the newspaper said.

J. P. LeMaster president of Ponte Vedra Corp., told the newspaper, "when he got here, Hagerty insisted on paying his bill. We wouldn't let him do it."

Mayhugh Courson, assistant manager of the club, said honored guests don't receive bills.

In Washington, Hagerty said: "The account is correct as reported, except for one thing. I did pay for my golf lessons. I personally paid the club pro."

"I did insist, as the account says, on paying my entire bill, but the club would not let me do so."

"Under the circumstances, there was nothing wrong in this. I don't see how anyone could make anything of my being a guest of the club at their insistence."

LeMaster said there was no thought of gaining a favor by paying Hagerty's bill.

Couple Found Slain In St. Louis Park

ST. LOUIS (AP) — A couple was found shot to death last night in suburban Vinita Park.

St. Louis County Coroner Raymond I. Harris said Rolla I. Huckstep, 65, apparently shot his wife, Mrs. Pearl Huckstep, about 65, and then turned the revolver on himself. Notes found at the scene indicated Huckstep had been in poor health, the coroner said.

Huckstep retired last March from a partnership in a firm that services and sells steam cleaners for boilers and other equipment.

Authorities said the couple might have been dead since Tuesday. The bodies were discovered in their bungalow after Huckstep's daughter, a resident of Potosi, Mo., was unable to contact them by telephone and notified authorities.

McDonnell to Observe UN Day as a Holiday

ST. LOUIS (AP) — McDonnell Aircraft Corp. will start observing United Nations Day as a paid holiday this year, and company executives hope the idea will spread throughout the world.

"We believe it is appropriate that all the people of this planet take one day off each year to celebrate the birthday of the United Nations," said J. S. McDonnell, president of the firm.

U. N. Day, Oct. 24, has been made a seventh paid holiday in contracts covering 15,000 union employees of the firm, which manufactures military airplanes and missiles.

Gunny Sack Lining For Firemen's Cloud

LEWISTON, Idaho (AP) — County officials are back to the damp reality of having to use wet gunny sacks to battle grass fires.

Nez Perce County commissioners excitedly dispatched a deputy to look over a \$9,000 pumper truck they learned could be bought surplus for only \$450. The deputy made a sad report after inspecting the vehicle at Williams AFB, Chandler, Ariz. It was no bargain, he said, and here's why: No tires, tank rusted out, pump unit rusted and not working, front badly bent.

"Well, \$450 will buy a lot of wet gunny sacks," said another deputy.

Chemical Workers To Vote On Pact Offer

EAST ST. LOUIS, Ill. (AP) — Another contract offer has been made to 1,500 striking chemical workers at the Monsanto Chemical Co. plant at Monsanto, Ill.

The striking employees, members of the International Chemical Workers Union, will vote on the proposal Monday.

A management-union statement last night said the new offer is for a two-year contract instead of a three-year proposal rejected earlier.

Technical Difficulties Halt Vanguard Firing

CAPE CANAVERAL, Fla. (AP) — An attempt to launch a Vanguard satellite rocket was "scrubbed" at 4:30 a. m. EST because of technical difficulties.

A firing of a basketball-sized satellite originally was set for 9:30 p. m. yesterday. For several hours, the slender rocket sat outside its service tower, bathed in lights.

Several holds were called, ranging from a few minutes to three hours.

There was no announcement when the next effort would be made to shoot the rocket.
